

SURVIVAL KIT VENDORS

Listed below are Internet sites that I have found which have items similar to what are in the survival kits. Just explore the sites and find which one has what you need at the best price. The sites are:

www.nitro-pak.com

www.quakekare.com/index

www.safetymax.com

www.saratogatradingcompany.com

www.survivalkitsonline.com

www.areyouprepared.com

www.survivalssupplys.com

I have been told that survivalkitsonline.com had the best prices and shipping, but these things do change with time. I would suggest that you survey several of them to see who has the best offer at the time.
