NUMERICAL INDEX OF CAP REGULATIONS, MANUALS, PAMPHLETS, AND VISUAL AIDS

CAP INDEX 0-2, dated 01 MAY 2015, is supplemented as follows:

This publication is a numerical index of Texas Wing Supplements. Texas Wing Supplements are auxiliary publications that augment the CAP publications. Each Supplement bears the number of the publication it augments and is filed with it. When the augmented publication is revised or rescinded, the corresponding supplement becomes obsolete (see CAPR 5-4). An asterisk (*) denotes new/or revised publication.

ALL SUPPLEMENTS ARE LOCATED ON THE TEXAS WING WEBSITE:

SECTION A – GENERAL

1. How to post supplements:

- a. Upon receipt conduct an inventory of publications on hand, using this index as a guide. Beside each required supplement, place a plus sign (+) to show it is on hand or a minus sign (-) to show it is required and not on file. Requisition all supplements with a minus sign from the Wing Director of Administration. Upon receipt of requisitioned supplements, add a vertical stroke to the appropriate minus sign (-) to make a plus sign (+) showing the supplement is now in the files.
- b. Supplements should be posted to the augmented CAP publication immediately on receipt. CAP Regulations 5-4 provides an example of how to post supplements. Upon receipt of revised supplements, annotate the date of the new supplement in this index by lining out the date of the old supplement.
